EXECUTIVE SUMMARY PROPOSED 2024 BUDGET OTHER KCDC OPERATING PROGRAMS

CHANGES FROM FY2023 TO FY2024 (continued)

THE CENTRAL OFFICE COST CENTER:

TOTAL REVENUE: An increase of approximately 89% from \$3,516,170 to \$6,656,495 is proposed for 2024 over 2023 figures. This increase is primarily due to a change in budget data presentation. Historically, the property management company operations were not reflected herein since revenues offset expenses. In an effort to display the volume of the work KCDC does on the managed properties and reflect the revenue offsetting the expenditures, budget data was modified to show within the program.

TOTAL EXPENSES: An increase of approximately 75% from \$5,293,430 to \$9,249,900 is proposed for 2024 over 2023 figures. This increase is primarily due to a change in budget data presentation. Historically, the property management company operational expenses were not reflected since the expenses were offset by reimbursement revenues. The modification captures the operations performed. The remaining fluctuation is due to additional strategic staffing, maintenance contract costs and new software support.

NET LOSS: Proposed at (\$2,593,405) with an operating transfer as needed from Multi-Family Housing Project Based Rental Assistance (PBRA) properties and the LP Management Co in the amount of \$2,417,037, resulting in a net loss of (\$176,368).

Cost Center operates as a self-sufficient business activity.
